

## PRELIMINARY REMARKS

This list comprises the spare parts for the type 190 with four-cylinder gasoline engine M 121 B.I in the design specified in the following:

Model	Design of chassis	Sales designation
121.010	Passenger car sedan with gasoline engine M 121 B.I	190
121.011	Passenger car sedan with sliding roof with gasoline engine M 121 B.I	190

The designations "right" and "left" refer to driving direction. The designations "first", "second" etc. (e.g. crankshaft bearing) are seen from radiator side.

Indented parts in the column "Nomenclature" are contained in the preceding - not indented - part.

Figures in column "Fig. No." set in parenthesis ( ) indicate that the illustrated part does not correspond any more to the latest design.

The designation "a.r." in column "Quantity" means "as requested".

The designation "optional" means that the respective parts will be supplied as available.
